

## Science

In science we are going to be thinking about 'Animals including Humans' and after half term we will be thinking about 'Variation'.

## History

Our history focus will be about a famous person called 'Florence Nightingale' and after half term we will be researching an historic event 'Remembrance Day'.

## Geography

This term our Geography focus will be 'Our School'. We will be looking at identifying features of the site and uses of the land.

## Other subjects

### RE

Children will be thinking about 'How do we say thank you for our beautiful world?' After half term we will look at the 'Festivals of light'.

### Computing

Researching information using the internet/  
Introducing Powerpoint.

### Design

Our focus will be designing, making and evaluating a Pizza.

### Music

Children will carry on with Music Express.

As ever we are always looking for people to listen to readers and so if anyone would like to volunteer and you have a DBS check, please come in to see us, Thank you.

# Autumn Term 2017

Dear Parents/Carers

Welcome to Year 2, we hope everyone enjoyed their summer break.

The topic we will be covering this half term is called 'Me inside out'. Please find enclosed further details of subjects that we will be covering during this term.

If you have any questions please don't hesitate to pop in and see us.

Regards

Mrs Compson-Lea

Mrs Spreadborough  
&  
Mrs Angell

## Literacy

In literacy our narrative work will be focused on 'Stories in familiar settings'. Children will be carrying out a variety of activities based on a collection of well known stories.

These will include work based around characters, thinking about the common features, retelling and altering the stories and writing their own story in the correct style.

Our Non Fiction work will be based around 'Postcards and Letters'.

Children will be thinking about aspects such as what these types of texts are, why they are useful, the common features and also writing their own examples of these texts.

Our poetry work will be based on songs and repetitive poems.

We will also continue with phonics, SPAG and guided reading activities.

## Numeracy

Numeracy this term will see us focusing on a variety of subjects including number, calculations involving the four operations, data handling, shapes and measure and problem solving.

In addition to the daily lessons we will be carrying out various other numeracy activities including mental maths, multiplication practice, Start of Day Activities which call for children to use a variety of numeracy skills.

We will also be looking at our 2, 5 and 10 x table club and number bond club. If you could continue to support your child in practicing these skills at home that would be brilliant.
