

Friday 8<sup>th</sup> September

WALT: identify and describe features in the natural world.

We have spent some time exploring nature. We used our senses to explore what is around us and tried hard to describe our experiences.

We played barefoot in the sand.

"It feels cold" (Lewis).

"The sand tickles through my toes" (Sophia).

We felt the wind on our faces.

"It's blowing away my worries"  
Cem.

"I feel like I'm flying" (Poppy).

We spent time in the trees.

"Trees are lots of fun"  
(Willoughby).

"They smell of autumn"  
(Maggie).

We spent time watching the sunlight  
through the leaves.

"It's all sparkly and bright" (Edward).

"The leaves make lots of patterns" (Pip).

We picked some apples from our  
trees.

"Mine smells like a birthday  
cake" (Rose).

"They are shiny and hard" (Pheabee).
